HISTORY AND GROWTH OF THE COLLEGE

The history of A.V.C. College is part of the history of the Anbanathapuram Vahaira Charities, Mayiladuthurai. The illustrious Thiru.S.Ramalingam Pillai, whose descendants settled down at the villages Anbanathapuram, Eanathimangalam, Pallavarayanpet, Karugudy and Kanganamputhur, set apart the sixth share of his deceased son, Thiru. Velayutham Pillai, for charitable purposes. The property endowed for charitable purposes was managed by the eldest male member of the five families.

In 1948, at the initiative of some of the elder members of these families, a scheme was framed for the better management of the charities. Under the scheme, the Sub Court of Mayiladuthurai appointed M/s S. Rathinam Pillai, N. Somasundaram Pillai, B. Thirugnanam Pillai and T. Sadayappa Pillai, as the first Trustees. Besides mass feeding of the poor and conducting regular poojas in various temples, the Anbanathapuram Vahaira charities did yeoman service to society. The Local Fund Hospital building at Manalmedu, the General Ward in the Mahatma Gandhi T.B. Sanitorium at Sengippatty near Thanjavur were constructed by AVC.

The efficient management of the Trust enabled the accumulation of a surplus of Rs.2.5 lakhs by 1952-53. With the active support and guidance of Thiru. T.S.Palaniappan, I.A.S., the then Collector of Thanjavur District, The trustees could start the A.V.C. College. The Syndicate of the Madras University granted affiliation to the College at its meeting held on 20th May, 1955.

The college was inaugurated on 29th June 1955 by His Holiness, the 25th Gurumahasannidhanam of Dharmapuram Adheenam and started functioning from 5th July 1955 at the Municipal Elementary school building in Dr.Varadachariar Part, Mayiladuthurai. The student strength in the inaugural year was 120, in the first year of intermediate class.

A beautiful 54 acre site at Mannampandal belonging to Arulmigu Mayuranatha Swamy Temple was chosen for the permanent location for the College. His Holiness the Gurumaha Sannidhanam of Thiruvavaduthurai Adheenam, the hereditary trustee of the temple gave the site in exchange of 17 acres of wet land belonging to the A.V. Charities. The College was shifted to its present location at Mannampandal after it had functioned for two years at the Municipal Park premises. The College celebrated its Silver Jubilee in 1980, Golden Jubilee in 2005 and Diamond Jubilee in 2015. The Evening Section for women was started on 15th August 1984. National Institute of Educational Planning and Administration (NIEPA) has adjudged the institution as one of the best-administered Autonomous Colleges in India.

A.V.C. College that was started with 120 students has grown to be an autonomous college with Post Graduate and Research programmes with student strength of about 5537, faculty strength of about 263 and over 104 non-teaching staff members.

Autonomous status was conferred on us in 1987 and since then the college has taken up innovative steps and measures in the areas of teaching, learning, evaluation, research extension and charitable activities. We have been awarded 'A' Grade (CGPA = 3.34 out of 4.00) by NAAC who assessed us for the third time. I am very proud to state here that our College has been awarded the status of "College with Potential for Excellence", a very rare honour offered by UGC to a College all over India. Recently the UGC has identified our college eligible for elevation to the "Degree Awarding Status". Ours is one of such 11 colleges identified by UGC in Tamilnadu for such a rare honour.

HISTORY AND GROWTH OF DEPARTMENT OF ZOOLOGY & WILDLIFE BIOLOGY

The department was offering Zoology at the Pre-University class and B.Sc., at Ancillary level from 1957 to 1966. University of Madras granted affiliation to this college to start B.Sc., Zoology course in the academic year 1966-67. In 1980-81, the department had the privilege of starting the unique **M.Sc., Wildlife Biology** course and thereafter it was recognized as a Research Department with the starting of Part-time and Full-time **M.Phil.**, Courses in Zoology and Wildlife Biology in the year 1982. Part-time and Full-time **Ph.D.**, programmes were launched in 1983. Presently the department is full-fledged with UG, PG, M.Phil. and Ph.D. (Part-time and Full time) programmes. Besides, in the Self Financing category **M.Sc., Zoology** was started during the academic year 1994-95. We also started B.Sc., Biotechnology and M.Sc., Bioinformatics during 2003-04, which subsequently have become separate departments. From the academic year 2011-12, girl students are also admitted in UG Zoology. We are proud to be the pioneer in offering a full fledged **M.Sc., Wildlife Biology** course ever since 1980 and we strive to achieve many more goals in this great venture.

VISION

"To be a Centre of Advanced Research and Quality Education in Biological Sciences, especially for Rural Youth"

MISSION

"Offering Quality Education to Nurture Potential Graduates and Research Scholars in Biological Sciences for Nation Development and to Create Awareness on Environment and Sustainable Development"

GOALS

- To promote Nature Education for the upliftment of the locality of the college and the country as a whole
- To offer education for rural youth including women which will cater to the needs of the area
- To offer courses to promote the employment opportunity of the students
- To offer courses in biological sciences to support sustainable agricultural development

OBJECTIVES

- To inculcate knowledge on conservation of nature and other biological resources for the survival of man
- To empower students with skills of learning and applying of biological techniques
- To make the students acquire competitive skills to self sustain

HERITAGE**Professor Emeritus**

1. Dr. P. Govindan, formerly Dean, Professor and Head of the Department of Zoology, Annamalai University, worked as Professor Emeritus from 1980-90.
2. Dr. Thomas from Kerala worked as P.G. Professor from 1980-90.
3. Dr. R. Natarajan, formerly Director, CAS in Marine Biology, Annamalai University, served as CSIR Emeritus Scientist from 1993-95.
4. Dr. Stephen E. G Lea, Emeritus Professor, Former Deputy Vice Chancellor, University of Exeter, Exeter, United Kingdom visited as Visiting Professor during January & February 2017.

List of HoD of the Department

M.Phil - Thesis

S. No	NAME	TITLE OF THE THESIS	GUIDE	YEAR
1	Devi Swetharanyam	A study of the biological productivity of the Tirukkulam pond in relation to oxygen, phosphate and nitrate during May to October 1984	Prof. P. Govindan	1985
2	S. Swetharanyam	A study of certain chemical and trace elements and their interactions in the Tirukkulam pond during May to October 1984	Prof. P. Govindan	1985
3	R. Balasubramaniam	Effects of Lindane on the pituitary and interrenal tissue of the Fish, <i>Mystus vittatus</i>	Prof. R. Kanakasabai	1985
4	O. Kumaresan	Effects of salinity on the distribution of the shore Crabs <i>Ocypoda macrura</i> H. Milne Edwards, 1852, and <i>O. platytarsis</i> H Milne Edwards 1880 (Decapoda Ocypodidae) in Cauvery Estuary		1985
5	R. Sambanda moorthy	Studies on the foraging and breeding activities of the House fly <i>Musca domestica</i>	Prof. R. Kanakasabai	1985
6	K. Anbu	Studies on the functional anatomy of the digestive systems of <i>Rapana bulbosa</i> (Dillévyu) (Neogastropoda, Mollusca)	Prof. R. Kanakasabai	1986
7	R. Christy Amudha	Effects of Malathion on blood glucose level and its histopathology on the endocrine adrenal gland of <i>Anabas testudineus</i> (Bloch)	Dr. G. Ramaswamy	1986
8	E. Beatrice Ezhilrani	Toxicity, histopathology and physiological impacts of two pesticides, Malathion and endosulfan on the snail, <i>Bellamya dissimilis</i> (Muller)	Prof. C. Sankaravadivelu	1986
9	George, Premavathy	Studies on the endoparasitic helminths and arthropods of <i>Calotes versicolor</i> in Mannampandal and Porayar areas of Thanjavur district, Tamil Nadu		1986
10	A. Gnanasambandam	Effects of Lindane on the digestive tissues of <i>Mystus vittatus</i> and haematology of <i>Anabas testudineus</i>	Prof. C. Sankaravadivelu	1986
11	R. Jayanthi Devi	Studies on the structure and function anatomy of the digestive system of <i>Babylonian spirata</i> (Neogastropoda : Mollusca)	Prof. R. Kanakasabai	1986
12	V. Srinivasan	Studies on toxic effect of phosalone 35% EC on fingerling of <i>Channa striatus</i> (Bloch) and <i>Catla catla</i> (Ham)	Dr. K. Manimozhi	1986

13	K. Thiagarajan	The helminth parasites from some food fishes of Poompuhar Coast Bay of Bengal, Tamil Nadu	Dr. M.C. Sathyanarayana	1986
14	P. Vasantha	Studies on ecology, age determination and micro-filarial occurrence of <i>Culex quinquefasciatus</i> of Kumbakonam area; Thanjavur district, Tamilnadu	Dr. M.C. Sathyanarayana	1986
15	S. Venkatachalam	Ecological aspects of helminthic parasites of important freshwater food fishes Mannampandal area, Mayiladuthurai, Thanjavur District, Tamilnadu		1986
16	K. Sankar	Habitat utilization of some wintering shore birds in Point calimere sanctuary, Tamilnadu	Prof. J. Krishnamurthy	1986
17	K. Savithiri	Studies on the effect of DDT (25%) on <i>Culex</i> larvae with special reference to cuticle		1986
18	SP. Malligai	Ecology and behaviour of Orb Weaving spider (<i>Cyrtophora cicatrosa</i>) in Kumbakonam area	Prof. C. Sankaravadevelu	1987
19	C. Natarajan	Studies on the male accessory sex gland of the shore crab <i>Ocypoda macrocera</i> Milne Edwards (<i>Crustacea brachyura</i>)	Dr. M. Varadharajan	1987
20	M. Sabesan	Studies on the effect of Thiodon, Dimethoate and Carbaryl on the fingerlings of <i>Cyprinus carpio</i> (Bloch)	Dr. K. Manimozhi	1987
21	R. Santhanakrisnan	Studies on population, food habits and nesting of barn owl, <i>Tyto alba</i> (Scopoli) in a portion of Cauvery basin	Dr. K. Thiayagesan	1987

M.Sc. Course in Wildlife Biology

Eligibility

- Any Science Graduate with Life Science as major or allied subjects

How to Apply

- You can download the application form our College website.
- Printed application can be obtained from the College Office by paying the prescribed fee.
- Those who are waiting for the final semester results can also apply.
- Original mark list should be submitted at the time of admission.

Course Fee:
Rs. 3000/ Year

Hostel Facilities

- Separate hostels for Men and Women with moderate fees are available within the campus

Credentials of few of our Alumni Our alumni are placed at various eminent research institutes like, WCS, Wildlife Institute of India, IBWL, WTI, MSSRF, School of Desert Ecology, CCMS, SACON, ZSI, BNHS, WWF, IUCN, IISC, KFRI, National Parks, Sanctuaries, Biosphere Preservers, Zoos, CPRS, School of Agricultural Ornithology and MoEF AND Educational Institutions in India and Abroad.
